

# Your Wait is Almost Over!

**HQ Fusion**

Where Function Meets Vision

Handi Quilter introduces a NEW 24" long-arm quilting machine, the **HQ Fusion**™. You'll be able to test-drive and purchase it in just a few short weeks. Whether you want to start your own business from home or just desire a larger quilting space, the **HQ Fusion** provides you with the perfect answer to fit ALL your quilting needs.

Using HQ technology, the **HQ Fusion** offers new features and benefits, such as front and back, easy-to-use, color touch-screens. The precision stitch-regulator provides up to 22 stitches per inch at over 2200 stitches per minute. Using the finger tip controls, you can simply control everything from your stitch length to the new warm and cool (and UV) LED lights. Made from the highest quality material, each **HQ Fusion** is built and tested in the USA.
